

TRI-LINEAR RIGIDITY

Quest® provides extra rigidity in three critical areas. Sliding panels stay straight and true with 200% more rigidity than standard siding.

TORNADO-TOUGH, DOUBLE-THICK NAIL HEM

Fold-over nail hem features a projected stop and provides a stronger anchoring surface — sliding stays firmly in place, even in high winds.

ENHANCED FULL 3/4" PANEL PROJECTION

Overized to provide extra rigidity — and uniquely angled to create straighter, deeper shadow lines.

PATENTED T3-LOK®

Panel's grip together for fast, easy installation — uniquely designed lock tightens under pressure so sliding stays put even in the most challenging weather.

NEW PREMIUM .046 THICKNESS
Superior thickness and impact resistance.

LONGER LENGTHS AVAILABLE IN DOUBLE 4" AND DOUBLE 4-1/2" DUTCH LAP — 16' 8" AND 25' 6"
Fewer seams — for a cleaner, straighter, professional look. Ideal for larger homes and light commercial applications.

WIND SPEED — RATED UP TO 240 MPH
Mastic's proprietary design and engineering delivers a panel that achieves superior wind resistance.

DURANYL 5000® PROTECTION SYSTEM
Proprietary technology adds extra UV protection to our deepest, most vivid colors — protects color against harsh elements and maximizes long-term weatherability.

EXCLUSIVE HANG-TOUGH™ TECHNOLOGY
Boosts durability so panels are more resistant to cracking, impact and thermal distortion. Color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

V.I.P. LIMITED LIFETIME WARRANTY
Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years (see warranty for complete details).

CLASS 1(A) FIRE RATING
METRO-DADE COUNTY APPROVED

THIS PRODUCT HAS BEEN CERTIFIED BY HOME INNOVATION RESEARCH LABS.
This means you can be assured that this product complies with specific green practice criteria in the National Green Building Standard (NGBS). Visit www.HomeInnovation.com/ GreenProducts for more details.
